Arthritis

Neck pain relief

Leg pain relief

Increased energy

Stress relief

PAIN, PAIN, PAIN

Ear infections

Arm & shoulder pain relief

Headaches

Herniated disc improvement

Menstrual cramp relief

NOTHING ELSE WORKED

I had sharp pain and numbness radiating from my foot into my groin and lower back. The pain was uncontrollable. I was unable to function, unable to stand or walk. There were no answers or relief from traditional means. I have had tremendous results from day one from chiropractic care. I have referred my sister, daughter, and granddaughter.

-Frances Bisesi

I suffered with inflammation and pain as a result of a fall, as well as accompanying spinal misalignment as a result of contracting polio at 16 months of age. I suffered with pain in my lower and middle back and numbness in my upper shoulder. The medical folks had no answers other than pain meds. Chiropractic impressed me as a natural answer. I feel it is one of the most useful tools in treating the body as a living organism.

-Debbie Conner

INCREASED ENERGY

I suffered with leg numbness, decreased mobility. The pain was chronic. I was looking for relief and wanted to return to activity. I felt immediate relief and energy from my first adjustment. The benefits of Chiropractic have been GREAT! The benefits have been instrumental in maintaining my active life style.

-Mary Hughes

NO MORE DRUGS!

My decision to try Chiropractic was accidental. I took my mother to Dr. Khalil and listened to his lecture. I asked a

few questions and decided to try. My symptoms were headaches, loss of consciousness, and loss of memory. Previous treatment from the Medical Doctors was to prescribe medication and more medication and more medication. Due to the results from my Chiropractic care, I have been off medication completely!

-Rosanne Schwartz

I suffered severely with TMJ disorder. I couldn't raise my right arm or turn my head. I had pain in my neck, arms and down my right side. I was tired of all the medication. The chiropractic recommendations have made me feel great. I like it and I've been to the doctor less.

-Geraldyn Friedrich

STRESS RELIEF

I was nervous, dizzy and tired. I was STRESSED. I had back pain, a stiff neck, headaches, and numbness. I lived with it for 15 years. I became more stressed. My friend and her family's results from chiropractic convinced me to come to Dr. Khalil. Dr. Khalil's recommendations and adjustments gave me relief. I learned to listen to my body.

-Mary Kollar

IMPROVED IMMUNITY

The mid back pain felt like being hit with a large board. I was unable to move without severe pain. I always knew that the best decision was to try chiropractic. I always tell anyone who is willing to hear about chiropractic the benefits, not just in relieving pain, but also for a better immune system. To me that means not giving my kids medication.

They don't need it. Dr. Khalil is very positive and passionate about his chiropractic beliefs.

-Bonnie Bevilacqua

PAIN, PAIN, PAIN

The duration was six months and beyond. I suffered with spasms in the upper muscles between my shoulder blades, neck and back. A visit to the hospital sent me home with muscles relaxers and pain meds. After a referral and testimony from my co-workers, I decided to put my health in the hands of Dr. Khalil. I put complete trust into him. He has kept me feeling good for almost two years now.

-Lois Zukoski

ASTHMA RELIEF

I have suffered with Asthma since the second grade. I had to use inhalers. After following Dr. Khalil's recommendations, my Asthma has improved tremendously. I believe in the power of chiropractic and recommend chiropractic to everybody.

-Jeff Lowery

EAR INFECTIONS

My baby had constant congestion, ear infections and hearing loss. I brought my two older girls in for a scoliosis screening and heard chiropractic could also help kids with ear-infections. I am very pleased that my baby doesn't have to be on constant medications and she won't have to go through another surgery for tubes.

-Dawn Adenour

BACK PAIN RELIEF

I suffered with terrible pain in my lower back, neck and shoulders. I could hardly move. Whenever I moved it felt like a stabbing pain. I had to do something. The adjustments I received were very helpful and felt great. The results are great and I did all Dr. Khalil said and got results. I haven't felt this good in years.

-Beverly Mielke

On a scale of 1-10 my mid- and lower-back pain was a 10. I was unable to sleep. I had not ever been to a chiropractor. My Mom talked with friends and decided to take me to see Dr. Khalil. After 3 adjustments I was able to sleep thru the night! I am going to keep coming for adjustments and I'm convinced that they will help me stay healthy.

-Alicia Johnston

I had low back pain that ran throughout my body for more than 8 months. I could hardly walk. I took lots of over the counter pills. They did not help. I heard that chiropractic could help. I did have doubts. I followed Dr. Khalil's recommendations and was very impressed. I do not have headaches. It took a couple of months of work to reach this point of no more backaches. I wondered, how I ever functioned without chiropractic before.

-Michelle Kruemmer

ARM & SHOULDER PAIN RELIEF

The pain radiating down my left arm was extreme. I suffered for 2 months before trying chiropractic. I felt comfortable and at ease in asking Dr. Khalil questions. Within a few treatments, the condition was dramatically improved.

Dr. Khalil gives you the feeling of control and confidence in making decisions about your care and treatment.

-Elaine Outland

I suffered with severe pain in my shoulder, neck, and both arms, and hands 24-7. After following the recommendations of Dr. Khalil my pain has reduced tremendously. I have learned there is an alternative to traditional medicine. I am learning to depend less on medication and more on healing myself.

-Helen Pendelton

ARTHRITIS RELIEF

I have suffered with arthritis pain for more than 20 years. On a scale of 1-100 it was 110! I thought, how very stupid I had been for so many years of enduring this pain. I had instant relief from a lot of my pain. Every visit makes my life easier and I have much more energy and I HAVE NOT taken or have had to take any Tylenol's and/or anti-inflammatory medications since I've been coming to Dr. Khalil.

-Beverly Poindexter

The Arthritis was in my lower back and my right side. I tried physical therapy. That did not last. A family member suggested chiropractic. I am very pleased with the results of chiropractic. I am able to walk better and more at ease. I will recommend chiropractic to my friends.

-Lillian Rousseau

HEADACHES

Dr. Khalil is very thorough in his explanations. He answers all your questions. I interviewed various chiropractors to obtain the knowledge for making the decision to try chiropractic for my headaches. I had neck pain and headaches for at least 1 year. Since I started seeing Dr. Khalil and following his recommendations for care I have not taken any medication and the headaches are rare and relieved with an adjustment.

-Denise Porter

I suffered from mild to moderate sinus headaches. The results from the recommended care were tremendous. I felt overall healthier. I seldom experience the discomforts that I originally had. I could eat, sleep and preach chiropractic to everyone I care about!

-Rose Corbishdale

NECK PAIN RELIEF

The duration of my neck pain was about one week before I decided to try chiropractic. I had tried the hot showers, the whirlpool and medication. My pain led me to Dr. Khalil. The result from the recommended care plan led to immediate relief. Chiropractic care will always be a part of my life style as well as my families.

-Mari Salisz

I suffered with neck spasms, shoulder pain and low energy. I had taken the Tylenol, no relief. I followed Dr. Khalil's recommendations and care plan. I am going to keep doing what I am doing. I feel great and I received benefits be-

yond what I expected. It was well worth it. I'll keep up my adjustments for the rest of my life.

-Barbara Pulford

HERNIATED DISC

I suffered with the pain from a herniated disc in my neck for approximately 2-3 months. The pain was severe and I had numbness in my arms. My life style was slowed down. The recommended Chiropractic care plan had me 95% pain free with in two and half months. Dr. Khalil is very informative and extremely knowledgeable. I have enjoyed the benefits of chiropractic. I do believe in the power of Chiropractic, I do! I do! I do!

-Richard Trombley

LEG PAIN RELIEF

On and off for 20 years I had severe pain in my lower back, hips and legs. I had to take up to 10 extra strength Anacin or aspirin per day. I had not ever seen a Chiropractor before. My daughter's relief from chiropractic care led me to Dr. Khalil. I received adjustments and changed some of my habits. I had good results within 10 weeks. I am very pleased. I have recommended chiropractic to many people, in fact 4 new patients have seen Dr. Khalil because of my enthusiasm.

-Clarice Barolo

I had numbness in my legs. I had sharp pain in the lower part of my legs. I was unable to sleep regularly. I would

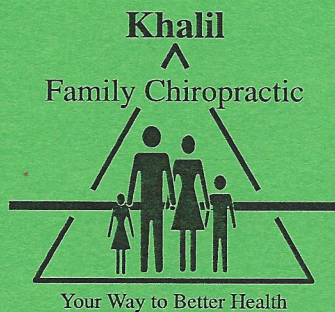

have to take several Extra Strength Tylenol Gel Caps and Aspirin. On the recommendation of my physician I came to Dr. Khalil. I was very pleased from the first visit. Dr. Khalil took the time to explain what was happening. Within two days of establishing care I was able to sleep through the night. The pain subsided. I feel much better and I am glad I took the advice.

-George P. O'Kon

MENSTRUAL CRAMP RELIEF

For as long as I can remember the severity of my cycle was excruciating. I suffered from nauseousness, severe cramping, back pain, headaches, and extreme fatigue. I was desperate for relief. I made a decision to change my life. I began chiropractic care. I followed the recommendations of Dr. Khalil. Chiropractic has changed my life! I maintain regular care. I am functioning at 100%.
